U.S. House Ways and Means Committee, Subcommittee on Trade
Hearing on Trade and Labor: Creating and Enforcing Rules to Benefit American Workers
March 26, 2019

From Representative Dan Kildee to Celeste Drake

1. Ms. Drake, are the massive subsidies received by the Middle Eastern airlines still an issue of concern for airline workers?

Yes, they are. We're encouraged to see the recent comment by Secretary Pompeo affirming that American jobs are impacted when other countries subsidize the airlines. However, more needs to be done. We will continue to work with Congress and the Administration to make sure we're enforcing our agreements.
